

Middle school students have required reading assignments as well as a Math packet that need to be completed and returned the second day of school. All math worksheets need to be completed in pencil with all work shown for a grade. Please refer to [Mrs. Umana's teacherweb](#) page for the most current information on middle school summer reading requirements..

The Battle of the Books list is for an optional Diocesan competition for interested fifth and sixth graders. Questions on the competition should be directed to the librarian, Karen Tierney at ktierney@sainttimothyschool.org. The list is provided for sixth grade students enrolled in the Battle of the Books elective that wish to read ahead.
